New Mexico Water Service Completes Purchase Of Animas Valley Water System

System to be Called Utility's Morningstar District

SAN JOSE, Calif., April 14, 2022 (GLOBE NEWSWIRE) -- New Mexico Water Service (New Mexico Water), a subsidiary of California Water Service Group (Group) (NYSE: CWT), closed its purchase of Animas Valley Land and Water, LLC's (AV Water) Morningstar Water System today and welcomed AV Water customers to its new district.

Through the Morningstar District, New Mexico Water will provide regulated water utility service to approximately 2,000 customer connections in the northwestern corner of the Land of Enchantment, between the cities of Aztec, Farmington, and Bloomington. The utility will host a community welcome open house for Morningstar customers to meet staff and learn about their water service on Thursday, May 5, 2022, from 4-7 p.m. at New Mexico Water's Morningstar Customer Center (31 Road 3900, Farmington, NM 87401).

"At New Mexico Water, we're more than just a water utility; we are part of the communities we serve. We look forward to meeting our Morningstar customers soon, so that they can get to know us and the services we will provide to them," said Martin A. Kropelnicki, Group President and CEO. "We appreciate the review and approval of this transaction by both the New Mexico Public Regulation Commission and San Juan County District Court, and we are eager to begin delivering quality, service, and value to our Morningstar customers."

About New Mexico Water Service and California Water Service Group

New Mexico Water Service now serves about 21,000 people through 10,500 water and wastewater service connections in its Rio Communities, Rio Del Oro, Meadow Lake, Indian Hills, Squaw Valley, Elephant Butte, Sandia Knolls, Juan Tomas, Cypress Gardens, and Morningstar systems in New Mexico. California Water Service Group is the parent company of regulated utilities California Water Service, Hawaii Water Service, New Mexico Water Service, Washington Water Service, and Texas Water Service, a utility holding company. Together, these companies provide regulated and non-regulated water service to more than 2 million people in California, Hawaii, New Mexico, Texas, and Washington. California Water Service Group's common stock trades on the New York Stock Exchange under the symbol "CWT." Additional information is available online at www.calwatergroup.com.

This news release contains forward-looking statements within the meaning established by the Private Securities Litigation Reform Act of 1995 ("Act"). The forward-looking statements are intended to qualify under provisions of the federal securities laws for "safe harbor" treatment established by the Act. Forward-looking statements are based on currently available information, expectations, estimates, assumptions and projections, and management's judgment about the Company, the water utility industry and general economic conditions. Such words as would, expects, intends, plans, believes, estimates, assumes, anticipates, projects, predicts, forecasts or variations of such words or similar expressions are intended to identify forward-looking statements. The forward-looking statements are not guarantees of future performance. They are subject to uncertainty and changes in

circumstances. Actual results may vary materially from what is contained in a forward-looking statement. Factors that may cause a result different than expected or anticipated include, but are not limited to: ability to operate Animas Valley Land and Water, LLC's assets in an accretive manner; governmental and regulatory commissions' decisions, including decisions on proper disposition of property; natural disasters or calamities, public health crises, pandemics, epidemics or outbreaks of a contagious disease, such as the outbreak of coronavirus (or COVID-19), or any escalation or worsening of the foregoing, including any economic effects of the foregoing; consequences of eminent domain actions relating to our water systems; changes in regulatory commissions' policies and procedures; the timeliness of regulatory commissions' actions concerning rate relief and other actions; changes in water quality standards; changes in environmental compliance and water quality requirements; electric power interruptions; housing and customer growth trends; the impact of opposition to rate increases; our ability to recover costs; availability of water supplies; issues with the implementation, maintenance or security of our information technology systems; civil disturbances or terrorist threats or acts; the adequacy of our efforts to mitigate physical and cyber security risks and threats; the ability of our enterprise risk management processes to identify or address risks adequately; labor relations matters as we negotiate with unions; changes in customer water use patterns and the effects of conservation; the impact of weather, climate, natural disasters, and diseases on water quality, water availability, water sales and operating results, and the adequacy of our emergency preparedness; and, other risks and unforeseen events. When considering forward-looking statements, you should keep in mind the cautionary statements included in this paragraph, as well as the annual 10-K, Quarterly 10-Q, and other reports filed from time-to-time with the Securities and Exchange Commission (SEC). The Company assumes no obligation to provide public updates of forward-looking statements.
