Cal Water Names Mike Jasper District Manager for Westlake District

WESTLAKE VILLAGE, Calif.—California Water Service (Cal Water) announced today that Mike Jasper was selected as the new District Manager of the utility’s Westlake operations.

He will succeed Doug Varney, who will retire later this year.

Jasper has been with Cal Water for more than 10 years and has extensive hands-on knowledge of district operations and water systems. He started his Cal Water career in the company’s Westlake District in 2014 as a Utility Worker and has over 19 years of experience in the water utility industry. He has held positions including Interim Supervisor/Superintendent and Superintendent.

“Mike is a natural-born leader and a great community partner,” said Henry Wind, Director of Field Operations, Southern Region. “He will lead the team working to make sure our Westlake District customers continue to receive the same excellent quality, service, and value they have come to expect and deserve.”

Jasper holds Water Treatment Grade Two and Water Distribution Grade Four certifications from the State Water Resources Control Board.

California Water Service provides high-quality, reliable water utility services to about 19,500 people through 7,100 service connections in the community of Westlake Village located in the city of Thousand Oaks, and serves more than 2 million people statewide through 497,700 service connections statewide. Cal Water’s purpose is to enhance the quality of life for customers and communities. To do so, it invests responsibly in water and wastewater infrastructure, sustainability initiatives, and community well-being. The company’s 1,100+ employees live by a set of strong core values and share a commitment to protecting the planet, caring for people, and operating with the utmost integrity. The utility has been named one of “America’s Most Responsible Companies” and the “World’s Most Trustworthy Companies” by *Newsweek*, a Top Workplace, and a Great Place to Work®.
