California Water Service Group Announces Revenues and Earnings for Year-End and 4th Quarter 2009

SAN JOSE, CA -- (MARKET WIRE) -- 02/24/10 -- California Water Service Group (NYSE: CWT) today announced 2009 net income of \$41 million, up 2% or \$0.7 million from 2008, and diluted earnings per share of \$1.95, an increase of 3% or \$0.05 over the prior year.

Revenues increased 10% or \$39 million, to \$449 million, compared to revenues of \$410 million for 2008. Revenues included an additional \$50 million from rate increases and \$11 million in sales to new customers. The net effect of the Water Revenue Adjustment Mechanism (WRAM) and Modified Cost Balancing Account (MCBA) was an additional \$10 million in revenues, while sales to existing customers and other charges declined \$32 million.

Total operating expenses increased 11% or \$38 million to \$391 million in 2009, as costs for water production expense increased 9%, or \$12 million, to \$159 million compared to \$147 million in 2008. Administrative and General expense increased 27%, or \$16 million, to \$75 million, primarily due to increased healthcare and benefit costs, new employees added as a result of our Hawaii acquisition, and new employees included in adopted rates for California. Other operations expense increased 11% or \$5 million to \$57 million, due primarily to increases in conservation expense and water treatment/water quality expense.

Maintenance expense decreased 2% or \$0.4 million to \$19 million. Depreciation increased 7% or \$2 million to \$40 million for the year.

Net interest expense increased, while income tax increased 3% or \$3 million to \$27 million, due to the higher pretax income and a higher effective tax rate.

According to President and Chief Executive Officer Peter C. Nelson, California Water Service Group continued to provide excellent service and high-quality water to customers in 2009 while achieving important objectives in the strategic areas of prudent fiscal management and effective regulatory affairs.

"As we announced earlier in the year, we amended and restated our 1928 bond indenture to reduce costs, issued \$100 million first mortgage bond which received a credit rating of AA- by Standard & Poor's-rated to raise capital to invest in our business, and put in place a \$300 million, unsecured, syndicated line of credit to increase liquidity. We also filed our first-ever California statewide General Rate Case in 2009. We expect a decision later this year with new rates effective January 1, 2011," Nelson said.

Fourth Quarter 2009 Results

For the fourth quarter of 2009, net income was \$6 million, down 12% or \$0.9 million from net

income of \$7 million in the fourth quarter of 2008, and diluted earnings per common share were \$0.31, a decrease of 13% from \$0.35 per common share for the same period last year.

Revenue for the fourth quarter increased by \$7 million, up 7% or \$107 million compared to \$100 million for the same period last year. Revenues reflected an additional \$7 million from rate increases, an increase of \$2 million in sales to new customers and an additional \$4 million in revenue from the WRAM and MCBA. These increases were reduced by a \$6 million reduction in sales to existing customers and other charges.

Total operating expenses for the quarter were \$95 million, an increase of 7% or \$6 million over operating expenses in the same period last year. Water production costs were up 16% or \$6 million to \$40 million, due primarily to higher rates charged by wholesalers. Other operations expense increased 13% or \$2 million to \$15 million, due mainly to conservation expenses and water treatment and water quality expenses.

Maintenance expense decreased 15% or \$1 million to \$5 million, mainly due to lower repairs to water mains, and service lines. Depreciation expense decreased 5% or \$0.5 million to \$9 million. Taxes other than income increased 21% or \$0.8 million to \$4 million, primarily due to increases in property taxes.

Regulatory Update for 2009

In July 2009, California Water Service Company filed its first-ever statewide General Rate Case, requesting rate increases of \$70.6 million for all 24 California districts. Evidentiary hearings are scheduled for April and May, with a proposed decision in the proceeding anticipated in October. The California Public Utilities Commission's final decision is scheduled to become effective on January 1, 2011. If the decision is delayed, the Company will seek interim rates and recovery of any lost revenues. The next statewide General Rate Case will be filed in 2012.

2009 Acquisitions

In 2009, California Water Service Company completed its acquisition of Skyline County Water District and Woodside Mutual Water Company, two small systems adjacent to the Company's Bear Gulch District.

Other Information

All stockholders and interested investors are invited to listen to the 2009 year-end and fourth quarter conference call on February 25, 2010 at 8:00 a.m. PST (11:00 a.m. EST) by dialing 1-866-837-9789 and keying in ID #1427079. A replay of the call will be available from 11:00 a.m. PST (2:00 p.m. EST) on February 25, 2010 through April 26, 2010, at 1-888-258-7854, ID #1427079. The call, which will be hosted by President and CEO Peter C. Nelson and Vice President and CFO Martin A. Kropelnicki, will also be webcast under the investor relations tab at www.calwatergroup.com.

California Water Service Group is the parent company of California Water Service Company, Washington Water Service Company, New Mexico Water Service Company, Hawaii Water Service Company, Inc., CWS Utility Services, and HWS Utility Services, LLC. Together these companies provide regulated and non-regulated water service to approximately 2

million people in more than 100 California, Washington, New Mexico and Hawaii communities. Group's common stock trades on the New York Stock Exchange under the symbol "CWT."

This news release contains forward-looking statements within the meaning established by the Private Securities Litigation Reform Act of 1995 ("Act"). The forward-looking statements are intended to qualify under provisions of the federal securities laws for "safe harbor" treatment established by the Act. Forward-looking statements are based on currently available information, expectations, estimates, assumptions and projections, and management's judgment about the Company, the water utility industry and general economic conditions. Such words as expects, intends, plans, believes, estimates, assumes, anticipates, projects, predicts, forecasts or variations of such words or similar expressions are intended to identify forward-looking statements. The forward-looking statements are not guarantees of future performance. They are subject to uncertainty and changes in circumstances. Actual results may vary materially from what is contained in a forward-looking statement. Factors that may cause a result different than expected or anticipated include but are not limited to: governmental and regulatory commissions' decisions, including decisions on proper disposition of property; changes in regulatory commissions' policies and procedures; the timeliness of regulatory commissions' actions concerning rate relief; new legislation; changes in accounting valuations and estimates; the ability to satisfy requirements related to the Sarbanes-Oxley Act and other regulations on internal controls; electric power interruptions; increases in suppliers' prices and the availability of supplies including water and power; fluctuations in interest rates; changes in environmental compliance and water quality requirements; acquisitions and our ability to successfully integrate acquired companies; the ability to successfully implement business plans; changes in customer water use patterns; the impact of weather on water sales and operating results; access to sufficient capital on satisfactory terms; civil disturbances or terrorist threats or acts, or apprehension about the possible future occurrences of acts of this type; the involvement of the United States in war or other hostilities; restrictive covenants in or changes to the credit ratings on our current or future debt that could increase our financing costs or affect our ability to borrow, make payments on debt or pay dividends; and, other risks and unforeseen events. When considering forward-looking statements, you should keep in mind the cautionary statements included in this paragraph. The Company assumes no obligation to provide public updates of forward-looking statements.
