**CALIFORNIA WATER SERVICE GROUP ANNOUNCES RESULTS FOR
3RD QUARTER 2010**

SAN JOSE, CA – California Water Service Group (NYSE : CWT) today announced net income of \$20.4 million and earnings per share of \$0.98 for the third quarter of 2010, compared to net income of \$19.6 million and earnings per share of \$0.94 in the third quarter of 2009.

For the quarter, total revenue increased \$7.2 million, or 5.1%, to \$146.3 million. The net effect of the water revenue adjustment mechanism (WRAM) and the modified cost balancing account (MCBA) for the third quarter 2010, was to add \$2.4 million to revenue. Included in this number was an \$8.6 million decrease resulting from lower-than-adopted production costs driven by a reduction in customer usage. The WRAM is a ratemaking mechanism that decouples water sales from revenues and the MCBA is an account that allows California Water Service Company (Cal Water) to track and recover or refund changes in water production costs.

Total operating expenses for the third quarter of 2010 increased by \$5.4 million, or 4.7%, to \$120.5 million. Water production costs increased by \$5.7 million, or 11.7%, due to wholesale water rates and higher power costs, which were partially offset by

reduced sales to existing customers. Administrative costs decreased \$1.3 million, or 6.8%, due primarily to lower outside services and legal costs. Other operations expenses increased by 1.7%, or \$0.3 million, to \$14.9 million, as a result of an increase in transmission and distribution expense that was partially offset by a decrease in uncollectible expense.

Maintenance expense increased by 10.0% to \$4.9 million, due to additional expenditures for water main repairs. Depreciation expense increased by 6.6% to \$10.9 million as a result of increases in capital expenditures. Taxes other than income increased \$0.2 million to \$4.6 million, primarily due to property tax increases.

Other income, net of income taxes, added \$1.0 million in revenues, while interest expense increased by 17.1% to \$6.5 million due to higher short-term borrowings in the current year.

For the twelve months ended September 30, 2010, net income was \$39.2 million and dilutive earnings per share were \$1.89, compared to net income of \$41.4 million and dilutive earnings per share of \$1.99 for the same period last year. Revenues for the trailing twelve months were \$461.9 million, compared to \$442.6 million for the same period in the prior year.

On Wednesday, October 27, 2010, the California Public Utilities Commission issued a proposed decision on California Water Service Company's 2009 General Rate Case. The proposed decision approves the original settlement agreement announced by the company on June 28, 2010, and the total gross revenue recommended in the settlement. In addition, in the 3rd quarter, and since the original settlement filing, the company received \$9.8 million in offset and other rate increases, meaning the proposed decision would increase rates on January 1, 2011 by an additional \$25.44 million. The proposed decision also adopts the previously announced ratemaking authorizations which would allow the company to obtain up to another \$7 million in gross revenue after certain capital projects are completed. The proposed decision cannot be approved by the Commission until completion of a 30-day comment period. The Commission may approve the proposed decision as written or may modify it based upon comments received. The company cannot predict the timing of final Commission approval or whether any changes will be made before adoption.

"The most important factor in our financial performance continues to be our ability to recover prudently incurred costs in rates in a timely manner," said President and Chief Executive Officer Peter C. Nelson. "We are pleased that the proposed decision adopting the comprehensive settlement was issued in a timely fashion."

Other Information

All stockholders and interested investors are invited to listen to the 2010 third quarter conference call on October 28, 2010, at 11:00 a.m. (EST), by dialing 1-866-253-6505 and keying in ID# 1484282. A replay of the call will be available from 2:00 p.m. (EST) October 28, 2010, through December 27, 2010, at 1-888-266-2081, ID# 1484282. The call, which will be hosted by President and CEO, Peter Nelson and Vice President and Chief Financial Officer, Martin A. Kropelnicki, will also be webcast under the investor relations tab at www.calwatergroup.com.

California Water Service Group is the parent company of California Water Service Company, Washington Water Service Company, New Mexico Water Service Company, Hawaii Water Service Company, Inc., CWS Utility Services, and HWS Utility Services. Together these companies provide regulated and non-regulated water service to nearly 2 million people in California, Washington, New Mexico, and Hawaii. Group's common stock trades on the New York Stock Exchange under the symbol "CWT".

This news release contains forward-looking statements within the meaning established by the Private Securities Litigation Reform Act of 1995 ("Act"). The forward-looking statements are intended to qualify under provisions of the federal securities laws for "safe harbor" treatment established by the Act. Forward-looking statements are based on currently available information, expectations, estimates, assumptions and projections, and management's judgment about the Company, the water utility industry and general economic conditions. Such words as expects, intends, plans, believes, estimates, assumes, anticipates, projects, predicts, forecasts or variations of such words or similar expressions are intended to identify forward-looking statements. The forward-looking statements are not guarantees of future performance. They are subject to uncertainty and changes in circumstances. Actual results may vary materially from what is contained in a forward-looking statement. Factors that may cause a result different than expected or anticipated include, but are not limited to: governmental and regulatory commissions' decisions; changes in regulatory commissions' policies and procedures; the timeliness of regulatory commissions' actions concerning rate relief; new legislation; electric power interruptions; increases in suppliers' prices and the availability of supplies including water and power; fluctuations in interest rates; changes in environmental compliance and water quality requirements; acquisitions and our ability to successfully integrate acquired companies; the ability to successfully implement business plans; changes in customer water use patterns; the impact of weather on water sales and operating results; access to sufficient capital on satisfactory terms; civil

disturbances or terrorist threats or acts, or apprehension about the possible future occurrences of acts of this type; the involvement of the United States in war or other hostilities; restrictive covenants in or changes to the credit ratings on our current or future debt that could increase our financing costs or affect our ability to borrow, make payments on debt or pay dividends; and, other risks and unforeseen events. When considering forward-looking statements, you should keep in mind the cautionary statements included in this paragraph, as well as the annual 10-K, Quarterly 10-Q, and other reports filed from time-to-time with the Securities and Exchange Commission (SEC). The Company assumes no obligation to provide public updates of forward-looking statements.
