Washington Water Service Acquires Stroh's Water Company

GIG HARBOR, Wash.—Washington Water Service (Washington Water), a subsidiary of California Water Service Group (Group) (NYSE: CWT), yesterday completed the acquisition of Stroh's Water Company's (Stroh's Water) water system assets. The closing follows approval by the Washington Utilities and Transportation Commission (WUTC) in October 2022.

Washington Water has served Stroh's Water's 900 customer connections since March 2021 through an operation and maintenance agreement, and has supported the utility on an emergency basis for more than 20 years. Washington Water plans to connect Stroh's system with its surrounding Gig Harbor systems in the future to improve water service reliability to both Stroh's Water and existing Washington Water customers.

"We are glad to have worked with the Stroh's Water family over the past few decades, and are pleased to officially welcome their customers to Washington Water," said Martin A. Kropelnicki, Group President and Chief Executive Officer. "We look forward to continuing to provide them with high-quality water and excellent service for decades to come."
